

American Voyager Association

The *American Voyager Association* is the World's Largest International Kawasaki Voyager owners group, and although we do concentrate on the Kawasaki Voyager model motorcycles, we welcome and encourage all riders of other brands and models to join us. We love the open road, to voyage and explore many different destinations. We publish a bi-monthly magazine featuring many travel stories, tech articles, classified ads, chapter listings and information, event listings, and many other features. We welcome all to come join us as we travel the nation in different locations every year for our rallies. There are also regional rallies and local chapter events, discounted towing service and more. To find out more, contact the AVA at:

American Voyager Association

2015 Powers Drive

Lewiston, Idaho 83501
